Good evening Shedders

Just a short note to inform you of a few things:

- **Bunnings sausage sizzles:** 14th February and 24th February. Please register on our [website](#) (in Events) or contact Iain Salkield. Registration is easy and gives you several timeslots. We need 3 x teams of three on the 14th and 3 x teams of 5 on the 24th.
- **Neighbourhood Day:** 25th March at the Shed from 8 till 1. Register on our [website](#).
- **Cleaning up:** please try to empty the bins at least once weekly. We had rotting fruit and liquid in the bins on Monday. All rubbish can be placed in the large industrial bins over near the Hub. All recycling to go in the yellow topped bin outside the main shed.
- **Last Friday of each month** we do a big clean up and sometimes a run to the dump. Please try to help as often as you can.
- **Minutes** of today's Management Committee meeting will be sent to all as soon as they have been ratified.
- **Trees:** please water the trees if you see them looking wilted and sad.

Regards
Norbert

Norbert Gault
Secretary SBMS
0438 320 188

I am just being lazy and using Norbert's list of emails to contact people about the Shed web-site, as already announced on Facebook.

A question any Shed members who are using this for the first time will be asking is "What does logging in do for me, rapidly followed by How do I log-in!"

So when you log in you get a further item in the menu called MEMBERS. This gives you access to a list of Shed Members with some contact details; Newsletters; a set of lists of various Committee members, so that you have some idea of who to talk to when David is not available; Documentation about such things as our constitution, insurance, certificate of incorporation, etc and minutes from the Executive Committee meetings. Neil Robertson has included the work he has done so far on Standard Operating Procedures for Shed Management.

I am sure that some of you will find some of this exciting or, at least, informative!

There are also some of the events that will be "Members Only" which you will only be able to interact with if you are logged in. An example is the registration for Bunnings Sausage Sizzle, which needs your email so that the site can send details of volunteers to the organisers of the Sizzle.

To log-in press the log-in button on the site and you will be asked for the email address you gave the Shed when you joined. You will be asked for a password but at present this bit is difficult for me to test (already registered) so if you put in a password and it is not accepted try the "Forgot password" option and it will send a message to your email to allow you to sort this out.

If you run into problems get in touch with either me or Neil Robertson or talk to us at the shed. I will be there next Monday and Tuesday by 10.00 AM. If you want help earlier call me on 0427567931.

Yours

Iain Salkield
